Hi Sonja,

I told Chuck that you had expressed an interest in moving to the western part of the state, and he is fine with that. You certainly had the option of applying for the Amherst Chem I that was posted. We were planning on posting another Chem I for Amherst this spring, so instead we will post it in Jamaica Plain and transfer your position. I'll be in Jamaica Plain on Thursday, and we can discuss it. Feel free to discuss it with Chuck any time.

Cam

Cam,

Hope all is well with your back. I'm just curious if you've heard anything about the chem I positions or know anything more about a possible transfer later in the year. I have still not informed Chuck Salemi about it, and I don't want to leave him in the dark or have him think that I just stepped over him. If you feel that I should have already told him or should do so now, I will. I know that besides your Chem I position and the Chem I's for here, there was a Chem I offered at the State Crime Lab, so I didn't know how the response would be. Any updates you may have would be appreciated. Thanks.

Sonja
